

# **A BACK FAMILY HISTORY**

## **2012 EDITION INPUT REQUEST**

**By Danny Back**

The Back-Bach genealogy society would like to publish a new version of the Back/Bach book "A Back Family History" in the fall of 2012. We would like to request that anyone with book updates, corrections, family books, and even computerized family trees submit them for inclusion. If you have pictures or documents that you would like included in the book submit those also. We will accept the information in any form such as bound books, hand written, typed, computer disk or e-mail.

The Back/Bach books were last updated in 2008 in the form of a CD. The objective of this effort was to make the information in the Back/Bach books dynamic. We want to correct errors, add individuals and update vital statistics as they occur.

I have received many corrections and updates since the 2008 CD was issued. We would like to thank all of you who sent corrections and additions for the Back-Bach books.

This 2012 version will be a combination of the original book plus all corrections and additions on a single CD. It is not feasible at this time to print the new book in hard copy, as it would contain between 2500 and 3000 pages. With a limited market the cost would be prohibitive. Therefore the new version will also be on a CD. The CD has the added advantage of powerful computer search tools. A form is attached for use in making your submission.

Deadline for submissions for the 2012 edition will be September 1, 2012.

Please send your updates to:
