## NOTES

On June 22, 2005 the cemetery was incorporated for the purposes of establishing and maintaining accurate records of burials in the cemetery and to protect the name of the cemetery from those who sought to rename our family burial ground. The full name of our grandfather was used to distinguish the name from the many other Lazarus Backs present and past. We chose BACK because that was the spelling he used.

The Lazarus Back Cemetery or Lazarus Bach Cemetery are the names used in historic records or primary and secondary sources of verification, such as death certificates, funeral notices, press releases and Bible records, or as referenced throughout the Back/Bach Family History books by multiple researchers. We as authors of this directory grant our permission to use those titles in conjunction with this copyrighted Directory.

There are five distinct, separately fenced, burial lots adjacent to the Lazarus Bach Cemetery. Owners of all those lots recognized and have assigned the name of Lazarus Bach Cemetery to their specific plots. Subsequent to the publication of the Lazarus W. P. Back Cemetery Directory, three burials have taken place. All interments were made in those private lots.

1. In Lot #1, Paul Carpenter was buried October 22, 2008. He was born June 26, 1953. He died October 19, 2008. He was the son of John C. Carpenter and Carol June Hinkle Carpenter and husband of Mary Jo Campbell.
2. In Lot #2, Wilford Frazier is buried. Wilford was born October 22, 1940. He died January 19, 2009. He was the son of Algie Frazier and Ida Back Frazier, and husband of Julia C. Mize Frazier.
3. In Lot #4, Burlah Medina Turner is buried. She was born February 6, 1972 and died October 5, 2007. She was the daughter of Marlene Turner.

NOTE: There are three cemeteries located on Lick Branch-Noctor, however, the Lazarus Back Cemetery is not one of them.

## **LAZARUS WILLIAM POWELL BACK CEMETERY HISTORY**

Lazarus William Powell Back or his heirs have owned the cemetery since November 15, 1892. This cemetery was a part of James Back's Estate that was conveyed to Lazarus as a part of his birthright. James Back acquired title to this property as an heir of Joseph Back, his father, and John Back, his grandfather.

The history handed down from generation to generation supports the conclusion that the oldest section of the cemetery commences with Row #29 and Row #28. The oldest graves located in these rows are marked only with field stones. Row #27, Grave #244, is that of Louvisa Cope, who died May 5, 1865. Louvisa Cope's grave is the first marked grave in the Lazarus William Powell Back Cemetery.

Grave sites identified in the preceding paragraph support the basis for an early reference as the Cope Cemetery. Documentation contained in Deed Book B. Page 110 shows that on October 14, 1836, Wiley Cope Sr. of Perry County, Kentucky conveyed to John Back and Joseph Back, residents of Perry County, Kentucky a tract of land on Quicksand Creek for the sum of \$2000. This tract of land begins at the mouth of Quicksand Creek and continues to School House Branch. This same tract of land was in possession of James Cope Sr. on date of sale. This being the same land conveyed to Wiley Cope by John G. South, Atty In Fact, for Jon K. Brown on October 29, 1827, also by deed from John McKinley on May 20, 1824.

The first primary source of information specifically recognizing the Lazarus W. P. Back Cemetery, are death certificates. The first certificate is that of Chester Back, dated May 2, 1911. It identifies the James Back Graveyard at Chester's place of burial. Marion Pugh is the person identified as reporting Chester's death and his place of burial. Other death certificates prior to 1920 show all decedents who were buried in this cemetery were buried in the Back Graveyard or the James Back Graveyard.

After 1920, the first death certificate we found, identifying the Lazarus Back Graveyard, is the death certificate of Mary Jane Bach, #12763. That certificate is dated May 26, 1923 and signed by Dr. Wilgus Bach. Dr. Bach certified his mother, Mary Jane Bach, the eldest sister of Lazarus, is buried in the Lazarus Back Graveyard.

Death certificates issued subsequent to May 26, 1923, include one dated February 27, 1924, showing Delilah Stidham reported her father, Solomon Back's place of burial, as the Lazarus Back Graveyard. A certificate dated August 18, 1929, shows Eddie Hounshell reported his neighbor, Eli Back's death and identified Eli's place of burial as the Lazarus Back Graveyard. On May 28, 1927, Troy Caudill, reported John Linville Roberts had died and identified his place of burial as the Lazarus Back Graveyard.

The Back Family History, published by the Back/Bach Genealogy Society, Copyright 1994, printed by BookCrafters, Chelsea, Michigan, consistently specifies the Lazarus Back Cemetery as the place of burial of all persons listed in this directory. Volumes I and II of the books are on file in the Breathitt County Public Library in Jackson, KY.
