8 unmarked graves

This cemetery is known by 3 names. To get to the cemetery, drive 3.5 miles on highway 30 to Meatscaffold gravel road turn off. Turn left onto the gravel road and drive 1.6 miles further (road ends where coal is being mined). Walk about 15 minutes up the branch to where the road forks. Follow the right fork up to the silt pond made by coal company. Walk across the spill and go straight up the hill. The cemetery is in two sections at the top of the hill.
